T-shirts, banners and aprons

Print-ready SVG files that scale to any size. In your **public/print-assets/** folder.

Asset	File	Purpose	Printing notes
T-shirt front	tshirt-front.svg	Staff t-shirt front logo	Screen print or DTG Best on black/dark fabric
T-shirt back	tshirt-back.svg	Full back: wordmark, dishes, URL, phone	Full back placement Same dark fabric
Pull-up banner	pull-up-banner.svg	850x2000mm roller banner for stalls and events	Instantprint or Vistaprint ~£35-50 each
Table banner	table-banner.svg	Wide 4:1 table-front banner for market stalls	Vinyl banner or tablecloth wrap
Apron logo	apron-logo.svg	Compact chest logo for staff aprons	Embroidery or print on black aprons

QR code stickers

These are the two most important physical assets. Every delivery bag should have both.

Order QR sticker

File: assets/launch/order-qr-sticker.png

Points to: kokkitchens.com/menu

Print as: 5cm round gloss stickers

Where to order: Solopress or Sticker Mule (~£25 for 500)

Where to stick them:

- Every takeaway bag
- Flyers and leaflets
- Business cards (back)
- Market stall signage
- Catering event table cards

Review QR sticker

File: assets/launch/review-qr-card.png

Points to: kokkitchens.com/review (redirects to your Google review form)

Print as: 5cm round stickers (gold on dark design)

Where to order: Same supplier as above, same order

The QR points to a URL we control. If Google ever changes their review link format, we update one setting and every printed sticker keeps working. **You never have to reprint.**

Important: The review QR only works once you set up Google Business Profile and send Ophir your review link. Until then, it shows a friendly fallback page.

T-shirt printing

Front design

File: public/print-assets/tshirt-front.svg

Design: "KOK" in white, "KITCHENS" in orange, tagline below

Placement: Centre chest

Best on: Black or dark-coloured t-shirts

Back design

File: public/print-assets/tshirt-back.svg

Design: Wordmark + 8 signature dishes + "Order Online" + kokkitchens.com + phone number

Placement: Full back

Purpose: Walking advertisement — the dish list is a conversation starter at events

How to order

Quantity	Method	Approx. cost	Best for
1–5 shirts	DTG (direct to garment)	£15–20 per shirt	Testing designs, small team
10+ shirts	Screen printing	£8–12 per shirt	Full team kits, events
25+ shirts	Bulk screen print	£5–8 per shirt	Catering crew, giveaways

Recommended suppliers: Printful (printful.com/uk) for small runs, or any local screen printer for bulk. Always order a test print first.

Tip: SVG files scale to any size. The printer can resize for hoodies, polo shirts, or any other garment without losing quality.

Banners and signage

Pull-up / roller banner

File: public/print-assets/pull-up-banner.svg

Size: 850 x 2000mm (standard pull-up banner)

Design: Dark background, orange accents, wordmark, dish highlights, three service pillars (Delivery / Catering / Hire), QR placeholder, website + contact

Cost: ~£35–50 from Instantprint or Vistaprint

Use at:

- Market stalls and pop-up events
- Catering events (next to your food station)
- Community fairs and food festivals
- Your kitchen entrance / collection point

Table banner

File: public/print-assets/table-banner.svg

Size: 4:1 wide ratio (scales to any table width)

Design: Three sections — wordmark, dish list, services + QR + contact

Print as: Vinyl banner or branded tablecloth runner

Apron

File: public/print-assets/apron-logo.svg

Design: Compact "KOK Kitchens" wordmark with tagline

Placement: Chest area of a black apron

Print method: Embroidery (premium look) or heat transfer

Important: The pull-up banner and table banner have white QR placeholder boxes. Before sending to the printer, send the files to Ophir and we will insert your actual order QR code and return print-ready versions.

Social media posting guide
